

General Operations Manual

INTENTIONALLY LEFT BLANK

Section A - Entry Requirements

To be part of this airline you must meet certain requirements requested by us for admission as a pilot of Virtual Laser Airlines, and they are the following;

- Be at least 16 years old.
- Have an active IVAO account with 100 hours logged and have a clean suspension history.
- Report at least 4 monthly flights.
- Basic knowledge of instrumental flight (IFR)
- Have a good aeronautical phraseology (if you do not have English phraseology, flights to international airports are not recommended, said phraseology must be mandatory English.)
- Be willing to comply with the rules and procedures of the airline
- Be participatory, collaborating and contributing new ideas for the growth of the airline.
- Be faithful to the airline and empathize with its managers and pilots and generate an atmosphere of friendship and companionship.

Section B - Rules

If you are part of Laser Airlines Virtual, you should keep in mind that you must meet certain standards to make a flight and progress safely in our airline, and they are the following;

- Do not disrespect any manager, member of the airline, controllers and pilots of IVAO.
- Respect the communications of each pilot on the IVAO frequency (DEL, GND, TWR, APP OR CTR)
- Comply with the instructions or authorization of air traffic control.
- Make a good flight planning before sending your flight plan to the controller.
- Calculate: fuel, time, descent, ascent, departure and arrivals.
- Carry out instrument procedures published in the instrumental letters of each airport of departure or arrival.
- Maximum landing allowed 250FPM (FPM = feet per minute)
- Be interested in having an increasingly advanced knowledge of the aircraft.

Section C - Ranks

- First Officer: This rank is granted to all pilots new revenues in the airline, does not require flight hours or theoretical exams.
- Captain: To possess this rank, the pilot must complete a total of 100 hours flown and reported in with the airline, and pass a small theory test of 10 questions with a percentage of 80% or higher, once approved, it will grant that rank.
- Instructor: To obtain this rank, the pilot must complete a total of 150 hours flown and reported on the airline, and must pass a theory test of 15 questions with a percentage of 85% or more, once approved, we will proceed to grant said rank and may opt for a vacancy in the board.

***NOTE:** The promotion exams will only be evaluated by the instruction department or, failing that, the chief operating officer or CEO.
